It greatly upsets me that our hard earned tax dollars are being used to bicker and cry because someone else is better at doing something than we are. My husband and I are both faithful XM Radio subscribers, which means we "PAY" for our services that XM Radio provides. We choose to do this and prefer it over FM. The NAB seems like a small child who is jealous. Please do not try to pacify the bullies and not give The People what they want. XM is wonderful, I pay for it, and the quality is 100% better than FM ever thought about being. Please do not try to do away with the wonderful service that XM Satellite Radio provides and I respectfully urge the FCC to reject the NAB's petition 04-160. I also urge the FCC to support XM's ability to provide the kind of programming that I demand and deserve!
